## GROW WITH FIREFIGHTERS CREDIT UNION:

**Attention Parents: Open a savings account for your child.**  
*Let us help with each step of their financial journey.*

At Firefighters Credit Union, we are all about finding new ways to unlock our young members’ potential. Opening a savings account with FCU, your child can learn to budget and save. It also offers the ability for the parent to monitor the account. Visit Firefighters Credit Union to learn more or call us at 317-636-5581 and speak to a member service representative.

### Check out these five ways you can easily kick start your savings today.

Here are some ideas that can seem small but could go a long way to providing you with a little extra breathing room in your savings account. There are also a few ways that Firefighters Credit Union can help along the way as well.

- 1. Trim the fat:** Do you have subscriptions you no longer use? Should you cancel that membership? Now is a great time to evaluate all the items that get automatically deducted each month that you’ve long forgotten about or don’t use anymore. Look at your recent account statements to see if you can save some money on the things, you forgot you were paying for.
- 2. Did you pay something off recently?** If you recently made your final car payment, or you now own your home outright, don’t just use that money frivolously now. Putting that money into a savings account each month could make a big difference. Trust us, if you don’t get used to spending it on other things, you’ll never miss it.
- 3. Put it on auto pilot:** Make sure to set up automatic transfers when you get paid. If you transfer what you can afford to set aside each paycheck directly into savings each pay period, that will add up quickly in savings.
- 4. Change your habits:** Look for ways to cut simple costs from your monthly spending. Instead of using expensive food delivery services, dust off those casserole recipes and cook at home. If you cook at home rather than going out three or four extra times a month, that could save you some extra money.
- 5. Certificates are the way to go:** Did you know a Certificate offers a higher rate of return than most savings accounts, and you never have to worry about losing money. In fact, Firefighters Credit Union offers a wide range of certificates. You can get started with as little as \$500.00. So, what are you waiting for? This is a certifiable way to help boost your savings. Check out our certificates today.
