# HOOSIER FEEDER™

Hoosier Feeder specializes in delivering high-quality and efficient feeding, orienting, and conveying solutions. Offering custom-built vibratory feeder bowls, centrifugal feeder bowls, conveyor systems, and more. We take pride in serving industries worldwide with dependable automation equipment.

## Conveyor Solutions

We offer a complete line of conveyor solutions designed to optimize your production, increase throughput, and reduce downtime:

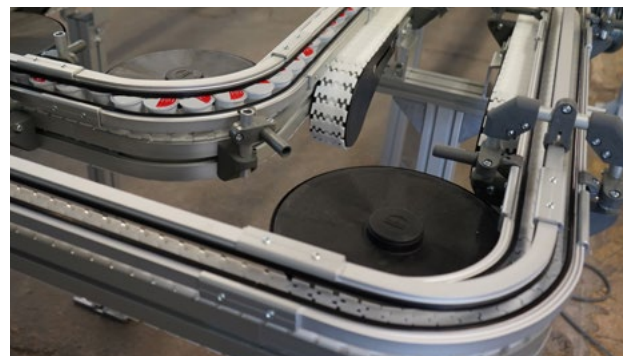

### Belted & Modular Belt Conveyors

We offer a complete line of fabric belt and modular plastic belt conveyors for industrial and sanitary applications. Additionally we offer complete integration services from custom guiding, and accessories, to controls and sensors.

### Flexible Chain Conveyors

As an authorized FlexMove® builder for Dorner, we maintain a large inventory of flexible chain conveyor components. This allows us to engineer and build systems tailored precisely to your unique requirements, ensuring a perfect fit for your operation.

### Orienting Conveyors

Orienting Conveyors are specifically designed to singulate and orientate bulk product to prepare it for the next phase in the production process. Orienting Conveyors are available in 4 standard styles for industrial and food processing applications with a variety of options and accessories.

# Processing, Separating, & Orienting Systems

## Pallet Systems

Pallet System Conveyors simplify product flow and control for assembly automation applications. Designed with innovative modules and industry compatible pallet sizes, Pallet System Conveyors are available in single lane, dual lane, and precision roller models.

## Opposing Conveyors

Opposing Conveyors are a simple and effective solution for singulating a wide array of products while efficiently rejecting incorrectly oriented parts.

## Authorized Partner of Dorner Conveyors

As an authorized partner of Dorner, we offer a complete line of conveyor solutions. We can design and engineer a custom system and integrate various accessories and components to optimize your process!

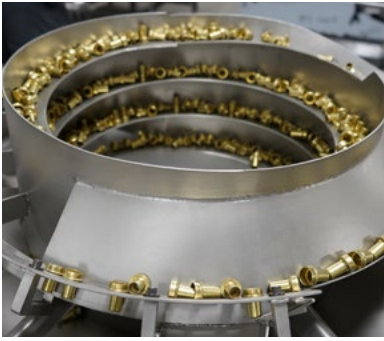

## Service & Support

We want the life of your conveyor, from the moment it leaves our facility, to be efficient and effective in your process so we do whatever we can to assist in integration, implementation and maintenance.
