HOOSIER FEEDER™

Hoosier Feeder specializes in delivering high-quality and efficient feeding, orienting, and conveying solutions. Offering custom-built vibratory feeder bowls, centrifugal feeder bowls, conveyor systems, and more. We take pride in serving industries worldwide with dependable automation equipment.

Centrifugal Feeder Bowls

High-speed parts handling machines that delicately and reliably output parts for packaging and assembly

- Rates up to 3,000 parts per minute
- Side ranging from 15 inches to 60 inches
- Local PLC Programming Available
- Prefeeders Available

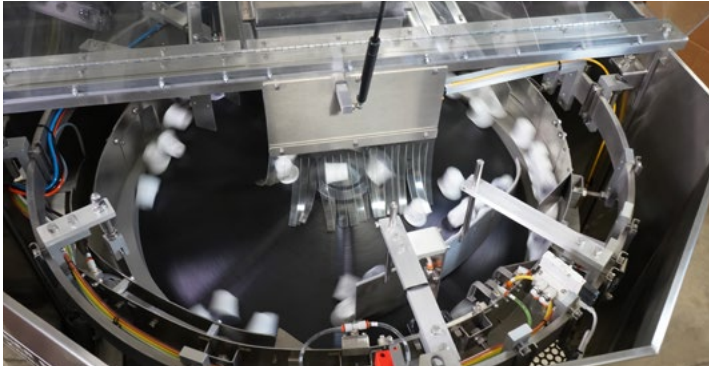

Applications Include:

- Packaging
- Food & Bakery
- Electronics & Appliance
- Cosmetics, Health & Beauty
- Pharma-Nutraceutical
- Medical
- And More!

High Quality & Efficient Parts Orienting Solutions

Centrifugal Feeders are available in 4 models:

Standard Centrifugal Feeders

Standard Centrifugal Feeders are versatile systems designed to efficiently orient and feed a variety of products.

Scalloped & Puck Centrifugal Feeders

Scalloped Feeders are tailored for cylindrical or parts with a high length-to-diameter ratio. Puck Feeders provide stability for parts that cannot stand upright independently.

Modular Centrifugal Feeders

Modular Centrifugal Feeders are ideal for dynamic manufacturing environments where quick retooling and adaptability are essential.

Sanitary Centrifugal Feeders

Designed for food processing automation applications, Sanitary Centrifugal Feeders are engineered to meet stringent hygienic standards.

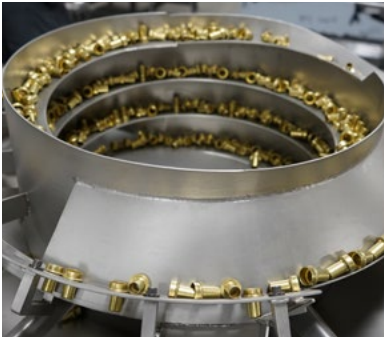

Service & Support

We want the life of your feeding system, from the moment it leaves our facility, to be efficient and effective in your process so we do whatever we can to assist in integration, implementation and maintenance.
