

LAFAYETTE INTERIOR FASHIONS™

AMERICAN QUALITY CUSTOM | SINCE 1950

MY WISHLIST | QUICK START GUIDE

- What is it?

If you're a consumer looking for interior fashion ideas, it's a way for you to save images of the products and/or materials you are interested in, and then share them with a Lafayette Interior Fashions Dealer in your area.

If you're one of our Lafayette Interior Fashions Dealers, it's a way for you to put together a list of our products and/or materials that may be of interest to your client and easily share it via email.

- How does it work?

Build and save your Wishlist by clicking the heart icon on images found in the product galleries or in the Materials Library.

HOW TO GET STARTED

- Step One:

Start by clicking on **Products** on the website homepage to find and view all of the Lafayette Interior Fashions products available. On each product page, you'll find a gallery of images displaying that product in various materials, each with a heart icon in the upper left corner.
