WordMasters Basics:
10 Easy Steps

The graphic on the left side of the slide features a dark blue background with a large, lighter blue circle. The text "WordMasters Basics" is written in white, with "WordMasters" on the top line and "Basics" on the bottom line, both centered within the circle.

WordMasters Basics

You have tremendous flexibility in how you build your team and incorporate WordMasters into your school setting.

- Some schools have the whole class participate while other teams are comprised solely of interested students or those in an accelerated language arts program.
- Others offer it as an after-school enrichment opportunity. Some teams prepare during class while others meet after school or study at home.
- Some small schools and those who homeschool combine grades to create a team.

The right way is the one that works best for you and your students.

Step 1: Plan Your Calendar

The Challenge Schedule for each meet can be found on the WordMasters website under the RESOURCES tab.

Plan your team's schedule according to the following:

- Word List availability
- Challenge Test availability
- Score Reporting deadlines
- Results availability

Step 2: Practice Analogy Solving

WordMasters Analogies 101 Plus

- Each of our eleven Analogies 101 Plus sets contains 30 analogies that illustrate various forms of analogical reasoning. Every set uses simple vocabulary suitable for all grade levels (3-8). An answer key is included with detailed rationale for both correct and incorrect answer choices.
- Analogies 101 Plus sets can be purchased online and are delivered as PDF files. You can also access a Google Forms version of the set if desired.

WordMasters Study Tool: Analogy Practice

- A free download titled *Analogy Practice* (from “Teacher Tools” under the RESOURCES tab) has students build their own analogies to better understand how to solve them.

Set A

WordMasters CHALLENGE

Analogies 101 Plus Set A

The examples below will introduce you to analogies. Each analogy consists of two pairs of words. Your job is to make the **second pair** express a relationship between its two words that is as similar as possible to the relationship between the words in the **first pair**. For instance, in the analogy

NIGHTTIME : MOON :: DAYTIME : _____

the best word to place in the blank would be **SUN**, because the daytime sky is lit by the sun just as the nighttime sky is lit by the moon.

Now fill the blanks in the analogies below with the most suitable word or pair of words from those that are listed as choices.

ANALOGY FORMATS

Here are some of the kinds of relationships which analogies may express. Make up a second pair to match the first pair given in each example.

1. **ANTONYMS**
2. **SYNONYMS**
3. **PART : WHOLE**
4. **WHOLE : PART**
5. **TOOL : ITS ACTION**
6. **TOOL USER : TOOL**
7. **TOOL : OBJECT IT'S USED WITH**
8. **CATEGORY : EXAMPLE**
9. **EFFECT : CAUSE**
10. **CAUSE : EFFECT**
11. **INCREASING INTENSITY**
12. **DECREASING INTENSITY**
13. **ACTION : THING ACTED UPON**
14. **ACTION : SUBJECT PERFORMING ACTION**
15. **OBJECT OR PLACE : ITS USER**
16. **NOUN : CLOSELY RELATED ADJECTIVE**

expensive : cheap :: _____
strong : sturdy :: _____
room : house :: _____
staircase : step :: _____
saw : cuts :: _____
doctor : stethoscope :: _____
hammer : nail :: _____
furniture : table :: _____
flood : rain :: _____
virus : disease :: _____
large : gigantic :: _____
wonderful : satisfactory :: _____
kick : ball :: _____
sew : seamstress :: _____
hotel : traveler :: _____
forest : shady :: _____

Here are three important things to remember when you think about analogies:

PARTS OF SPEECH. If the words in the first pair express a "noun : adjective" or "verb : noun" or "adjective : adjective" relationship (for instance), the second pair should show the same relationship between parts of speech.

WORD ORDER. If the first pair expresses a "tool user : tool" relationship (for instance), the second pair must express the same relationship *in the same order* (tool user first, tool second).

EXACTNESS. Sometimes two or more of the given choices would make fairly good sense in the blank. When this happens, you should choose the word or pair of words that **most exactly** suits the relationship you're expressing.

Analogies 101 Set A

WordMasters CHALLENGE

Analogies 101 Plus Detailed Answer Key Set A

1. MOTHER: SON :: FATHER : DAUGHTER

A SON is the child of opposite gender from a MOTHER. A DAUGHTER is the child of opposite gender from a FATHER.

- **CHILD** is not the best answer because a CHILD is not the child of opposite gender from a FATHER.
- **PARENT** is not the best answer because a PARENT is not the child of opposite gender from a FATHER.
- **GRANDSON** is not the best answer because a GRANDSON is not the child of opposite gender from a FATHER.
- **BABY** is not the best answer because a BABY is not the child of opposite gender from a father.

2. ATTIC : BASEMENT :: MOUNTAIN : VALLEY

An ATTIC is the highest part of a house and a BASEMENT is the lowest part of a house. A MOUNTAIN is a high point in the land and a VALLEY is a low point in the land.

- **HILL** is not the best answer because a HILL is not a low point in the land; a HILL is a smaller version of a MOUNTAIN.
- **OCEAN** is not the best answer because an OCEAN is not a low point in the land. An OCEAN is made of water.
- **SKI SLOPE** is not the best answer because a SKI SLOPE is not a low point in the land. It is a trail from a high point to a lower one.
- **RIVER** is not the best answer because a RIVER is not a low point in the land. A RIVER is made of water.

3. COUNTRY : PRESIDENT :: SCHOOL : PRINCIPAL

The PRESIDENT is the leader of a COUNTRY. The PRINCIPAL is the leader of a SCHOOL.

- **STUDENTS** is not the best answer because STUDENTS are not the leader of a SCHOOL.
- **TEACHER** is not the best answer because a TEACHER is not the leader of a SCHOOL. A TEACHER is the leader of a class.
- **DESK** is not the best answer because a DESK is not the leader of a SCHOOL.
- **RULES** is not the best answer because RULES are not the leader of a SCHOOL.

4. BLACK : GRAY :: BROWN : TAN

GRAY is a lighter shade of BLACK. TAN is a lighter shade of BROWN.

- **WHITE** is not the best answer because WHITE is not a lighter shade of BROWN.
- **YELLOW** is not the best answer because YELLOW is not a lighter shade of BROWN.
- **PINK** is not the best answer because PINK is not a lighter shade of BROWN.
- **DARK** is not the best answer because DARK is not a lighter shade of BROWN.

5. PAST : FUTURE :: YESTERDAY : TOMORROW

This is an antonym analogy. The PAST happened before today; the FUTURE will happen after today. YESTERDAY happened before today; TOMORROW will happen after today.

- **NOW** is not the best answer because NOW will not happen after today.
- **THE DAY BEFORE** is not the best answer because THE DAY BEFORE today and YESTERDAY are synonyms, not antonyms.
- **AFTER** is not the best answer because while AFTER may happen after today, it is not the opposite of YESTERDAY. Also, PAST, FUTURE, YESTERDAY and TOMORROW are all nouns, while AFTER is an adverb.
- **NEW YEAR'S DAY** is not the best answer because it is a specific day, while YESTERDAY is not a specific day.

6. CARPENTER : HAMMER :: GARDENER : SHOVEL

This is a user : tool analogy. A HAMMER is a tool a CARPENTER uses. A SHOVEL is a tool a GARDENER uses.

- **SEEDS** is not the best answer because SEEDS are not a tool a GARDENER uses.
- **SOIL** is not the best answer because SOIL is not a tool a GARDENER uses.
- **GARDEN** is not the best answer because GARDEN is not a tool a GARDENER uses.
- **FLOWERS** is not the best answer because FLOWERS are not a tool a GARDENER uses.

Grade 6/ Blue Word List

WordMasters CHALLENGE

Grade 6– Blue Division
First Challenge Meet – Word List
November 2020

All of the words listed below will appear in the first **WordMasters Challenge™**, which will be held at your school between November 9th and November 25th. (Your teacher will tell you exactly when the Challenge is scheduled for your team.) The **WordMasters Challenge™** is an analogy-solving competition. The contest will challenge you to use the words from your list in logical pairs that will look like this:

PROMISE : WITHDRAWN :: PLAN : _____

- a. explained
- b. proffered
- c. fostered
- d. cancelled
- e. changed

To succeed in this competition, you will have to understand the exact meanings of all your words, and you will have to reason carefully about the relationships shown in the pairs. In the example above, the correct answer is **(d) cancelled** because when a **promise** is **withdrawn**, it is taken back or removed from consideration; in a similar way, a **plan** that is **cancelled** is called off and removed from consideration.

Here are some tips to help you get ready for the **WordMasters Challenge™**:

- After you have learned the meanings of your words, think about possible relationships among them.
 - Which words have similar meanings?
 - Which words have nearly opposite meanings?
 - Remember, some words have more than one meaning.
- Think about some categories into which several words might be grouped.
- Be sure you understand the part of speech of a word (for example, noun, verb or adjective) as it is used in the analogy.
 - Many words on this list (such as “snicker” and “sneer”) can be either a noun or a verb depending upon how they are used.
- Pay special attention to the prefixes and suffixes of words, because they are often clues to meaning and part of speech.
- Try to familiarize yourself with other forms of these words, for example:
 - Not just “familiar”, but also “familiarity” and “familiarize”
 - Not just “alienate”, but also “alien”
 - Not just “affected”, but also “affectation”
 - Not just “colloquial”, but also “colloquialism”
- Keep this list! Some of these words will also appear in the second and third **WordMasters Challenge™** meets, scheduled for later this school year.

- | | | |
|----------------|-----------------|---------------------|
| 1. hamlet | 10. camaraderie | 19. hubris |
| 2. proffer | 11. alienate | 20. sneer |
| 3. colloquial | 12. demure | 21. prim |
| 4. disposition | 13. mettle | 22. imbroglio |
| 5. snicker | 14. foster | 23. acquaint |
| 6. withdrawn | 15. feral | 24. familiar |
| 7. morale | 16. crucible | 25. esprit de corps |
| 8. domesticate | 17. prohibit | |

- Submit scores prior to the Score Reporting Deadline

Each successive meet will be somewhat more difficult than the one before it. The analogies in Meet # will feature words from each of the first two Word Lists (50 words); Meet #3's analogies will be based on all three Word Lists (75 words). Students should therefore save all their Word Lists and study materials.

Step 9: Celebrate Cumulative Results

After Meet #3, the system will automatically calculate cumulative individual and team scores.

Check web postings to see if any of your students qualified for national recognition or if your team ranked among the top ten teams per division.

Step 10: Distribute Team Awards

Before Meet #3, we will mail the following for each enrolled team:

- **1 Champion Medal-presented to the student of your choice** (top scorer, most improved, best team player, etc). It's up to you.
- **10 Team Certificates** to present to team members

Extra medals, certificates and other WordMasters items (pencils, pens and markers) can be purchased online to recognize additional team members.

Re-enroll for the next WordMasters Challenge!

Enrollment opens each spring for the following school year.

Enroll before Word Lists are available **October 1st**.
