## Safety Devices

### Tire Hammer/Pin Puller TS47-188

The 1" x 5" handle is designed for tire thumping and 5th wheel release. No more reaching under the trailer!

Additional uses include pallet hooks, grate pullers, freight pullers, etc.

Standard pin pullers include your choice of:

- Red or black color
- 180 degree or 45 degree end
- 32.5" in overall length
- Powder coated steel
- .375 diameter wire w/ 1" x 5" solid bar welded - on construction.

Options for pin puller include:

- Additional colors
- Different "end" per customer specs (angle)
- Overall length

*Additional charges may apply*
